BUYING ARMSRebel Said to Be Fortifying Him-
self at Chihuahua.

URGE CITIZENS TO ENLIST

Santa Rosalia, Torreon, Chihuahua City and Other Towns Are Placarded With Appeals to Join the Army of the North, Resulting in a Scarcity of Labor in Mines and on Ranches.

El Paso, Tex., July 25.—Contrary to official Washington advice that the administration is meeting with success in pacifying different factions among the Constitutionalists and that peace was near in Mexico it is reported here on good authority that General Villa's agents are buying large quantities of arms at Chicago and St. Louis. Agents of the national Constitutional government declared that none of the purchases have been made by General Carranza.

Coincident with this came further news that Villa is entrenching himself in his Chihuahua stronghold. Arrivals from Santa Rosalia, Torreon, Chihuahua City and other points said that those towns are placarded with appeals for enlistment in the army of the north. Two pesos a day is offered as pay, making a scarcity of labor in mines and on ranches.

Opinions of officials and observers here still differ as to whether Villa will move south to Mexico City or remain in the north. The former belief is strengthened by the report that one of Villa's brigades, that commanded by General Raoul Madero, departed from Chihuahua for the south, its destination not being given. It is reported that Chihuahua City officials here said.

HUERTA'S ARRIVAL IS QUIET

General Retires to Expensive Suite in Kingston Hotel.

Kingston, Jamaica, July 25.—General Huerta had luncheon on board the Dresden with the cruiser's captain and the German consul here. He declined to see any one while aboard ship.

At 3 p. m., with the members of his party, the former Mexican president embarked and went to a hotel. His journey there from the pier was without incident. He immediately retired to the expensive suite which had been engaged for him.

The arrival of General Huerta occasioned no excitement.

WARRANT FOR HUERTA AIDE

Accused of Misappropriating More Than 2,000,000 Pesos.

Mexico City, July 25.—As the result of the investigation ordered by Provisional President Carranza into the finances of the country during the administration of General Huerta it is reported that a warrant was issued for the arrest of Eugenio Paredes, former general treasurer of the republic. Paredes is charged with misappropriating more than 2,000,000 pesos of government money. He cannot be arrested because he is aboard the British cruiser Bristol in Puerto Mexico harbor.

GENERAL VILLA EXONERATED

Had Nothing to Do With Killing of French Citizens.

Washington, July 25.—An incident which served to elevate General Villa's status in the Mexican situation was the receipt of a message from Charge Clause of the French embassy, who informed Secretary Bryan that an investigation by agents of the French government completely exonerated Villa from personal blame in connection with the killing at Zacatecas recently of two French citizens, members of the order of Christian Brothers.

JAMES D. RICHARDSON DEAD

Sovereign Grand Commander of Southern Scottish Rite Masons.

Murfreesboro, Tenn., July 25.—Former Congressman James D. Richardson, sovereign grand commander of the Scottish Rite Masons of the Southern jurisdiction, died at his home here.

ALLEGED RIOTERS INDICTED

Thirty-seven Are Charged With Murder and Arson.

Greenwood, Ark., July 25.—Thirty-seven indictments charging murder, arson and riot were returned by the grand jury investigating the riots and destruction of five mines of the Bachelderman coal syndicate at Prairie Creek last week. The grand jury did not attempt to place the blame for the outbreak.

Liner Has Movies at Sea.

New York, July 25.—The Italian liner Duca d'Aosta, from the Mediterranean, is the first transatlantic steamship to arrive here with a complete moving picture outfit. The pictures were shown five nights in the first cabin and two nights in the second cabin on every week of the trip.

SENATOR SMOOT.

Says Republicans Will Aid in Passing Trust Measures.

SEEK EARLY ADJOURNMENT

Republican Senators Also Anxious to Go Home.

Washington, July 25.—Republicans of the senate let it be known that they are as anxious as the Democrats to adjourn congress and go home.

Moreover, they have determined to hold the Democrats to their legislative program, permitting no business except trust legislation and conference reports to come up for discussion, and are hoping to get away by Sept. 1.

"The Democrats have the trust bills before the senate," said Senator Smoot, "and we propose, if the country must have them, to help get them out of the way as soon as possible."

Other Republican senators, including Minority Leader Gallinger, expressed the same view.

TWO KILLED WHEN
TRAIN STRIKES AUTO

Another Member of Party May Die of Injuries.

St. Paul, July 25.—A man was instantly killed, a boy was injured fatally and three other persons sustained more or less serious injuries when the automobile in which they were riding was struck by an Omaha passenger train near Burkhardt, Wis.

The victims were: Frank Lewis, fifty-five years old, and Elmer Hennington, six years old.

Helmer P. Hennington, local manager of the Consolidated Lumber company at Roberts, escaped with severe bruises. Mrs. Hennington's collar bone was broken. Their three-year-old daughter, Evelyn, is in a critical condition at St. Luke's hospital. Her skull is fractured and little hope is held for her recovery.

Frank Lewis, hotel proprietor at Roberts, owner and driver of the automobile, was killed instantly.

The accident occurred about a half mile west of Burkhardt as the party was returning home after an afternoon's drive. The collision was at a grade crossing. Mr. Hennington said a clump of bushes obscured the approaching train.

ARRESTED AT PALACE GATE

Two Suffragettes Demanded Interview With King.

London, July 25.—Two suffragettes of the nobility, Lady Barclay and Hon. Miss Edith Fitzgerald, were arrested at Buckingham palace, where they made persistent attempts to present to King George a letter written to him by Mrs. Emmeline Pankhurst.

The letter demanded a personal interview with the king. The attendants persuaded them to leave, but they returned later and were taken into custody.

BANDITS MURDER FLAGMAN

Railway Employee Killed During Train Holdup.

New Orleans, July 25.—Twenty dollars and twenty-five cents was obtained by two masked bandits who shot and killed Tom Elkin, a flagman, in an attempt to hold up the New York limited passenger train of the Louisville and Nashville railroad at Gentilly, a small station three miles east of here.

According to Conductor E. C. Potter the bandits boarded the train at New Orleans. Shortly after passing Gentilly they pulled the bell cord. The train slowed down and the conductor began an investigation. One of the robbers covered him with a revolver and then rifled his pockets, obtaining \$16.75. A representative of a New Orleans transfer company was robbed of \$3.50.

The porter approached while the bandits were at work. One of them shot at him, the bullet striking the flagman, who was just behind the porter.

The highwaymen then jumped from the train.

FEAR SICKNESS
AMONG TROOPS

Soldiers' Relatives Dread Return of Fighting Force.

RECALL CUPID'S EXCURSION.

Knowing Observer in Washington Remarks That Congressman Talks to Get Into Congressional Record—Reports From Illinois That Uncle Joe May Come Back.

By ARTHUR W. DUNN.

Washington, July 25.—[Special].—Thousands of relatives of the officers of the army and navy and the soldiers and sailors who have been in Mexico and Mexican waters are looking forward to the return of this fighting force of the United States. While there have been very few complaints from the men who have been doing duty in the tropics, there has been a great deal of uneasiness among the friends at home on account of the conditions which exist in the tropics.

"You cannot grow a white man and a banana on the same quarter section of land," was a favorite phrase of former Senator Pettigrew, who was bitterly opposed to the acquisition of land in tropical countries by the United States.

A navy officer of experience says that it is a well known fact among doctors that the livers of natives of tropical countries are larger than those who live in temperate zones. Hot weather enlarges the liver, and when that takes place with adults it results in sickness and incapacity. There is fear among the army and navy surgeons that the tropical service of the troops and sailors in Mexico has resulted in enlarged livers and that all of them will be much better if brought back to the climate where they were born and bred.

An Unfair Advantage.

Congressman Bryan of Washington, the most active Progressive in the house of representatives, took an unfair advantage of the Democrats the other day and, delving into the published works of Woodrow Wilson, quoted that distinguished gentleman in praise of Theodore Roosevelt as president of the United States. What Bryan read was almost as good as what Wilson could have said about himself as a man who compelled the action of congress and secured the enactment of important and beneficial legislation. If it was not an unfair advantage it was at least "rubbing it in."

Recalled Cupid's Excursion.

It was during a criticism of a cabinet officer for using a government vessel for a trip up the coast that Congressman Clark of Florida inquired if Mr. Taft, when secretary of war, had not gone on an excursion with a lot of friends to the Philippine Islands using a government vessel.

"He was sent on public business to the Philippine Islands," responded Congressman Good of Iowa. "But it was an excursion," insisted Clark. "There were several marriages contracted on the trip. It was a social affair." These remarks recalled the fact that Taft's trip to the Philippine Islands at that time was often called "Cupid's excursion." Nick Longworth and Alice Roosevelt were on that trip, and they became engaged at that time. Congressman Swager of Kentucky was on the trip and met the present Mrs. Taft. It is also claimed that other marriages grew out of Taft's famous excursion.

In the Limelight.

Congressman Humphrey of Washington is in the limelight with his determination to keep the house informed of all business disasters and depression throughout the United States. Congressman Fitzgerald of New York alluded to him the other day as "the official S. O. S. of the Republican party," who was constantly sending out messages of distress. Fitzgerald also went on to say that "the peculiar makeup of the gentleman's topography, if that expression properly expresses what I have in mind, enables him to talk more easily through his hat than any other man in the house."

"Well, I notice I usually get a rise out of the Democratic side," was Humphrey's retort.

A Knowing Observer.

One of the strangers in Washington wandered into the gallery of the house of representatives and sat there for an hour or so, and when he left he remarked to a friend, "Those fellows are talking to get into the Congressional Record, and the Record is going to their constituents." The remark shows that the average American citizen can catch on to much of the purpose of the debate in the house if he cinches his mind on the subject.

Uncle Joe Coming Back.

Reports from the Wabash region of Illinois are to the effect that Uncle Joe is coming back. Uncle Joe was defeated by a plurality of only 778 votes, and there were 9,511 votes cast for the Progressive candidate. It is said that the Progressives will go back to the Republican party in sufficient numbers to insure Cannon's election, although an effort will be made to have Colonel Roosevelt go into the district in the hopes of holding the "Progressive" strength.

BELFAST RECEIVES TIDINGS

Failure of Home Rule Conference Creates No Excitement.

Belfast, July 25.—The failure of the Buckingham palace conference on home rule became known definitely in Belfast through telegrams from the Ulster leaders and the official announcement caused no excitement here.

Leading business men, clergymen, bankers and manufacturers, who had declared for an anti-home rule movement, were unanimous in endorsing the uncompromising attitude of Sir Edward Carson and Captain James Craig in demanding the total and permanent exclusion of Ulster from the workings of the home rule bill.

CAILLAUX DEFENSE
IS EMBARRASSED

Obtains Permission to Read Certain Letters.

Paris, July 25.—The defense in the trial of Mme. Henrietta Caillaux for the murder of Gaston Calmette, editor of the Figaro, was caught in a trap innocently set by Mme. Gueydan, once the wife of the prisoner's husband.

The principal argument of Maitre Labori, counsel for Mme. Caillaux, has been that his client was driven to shoot M. Calmette through fear that two letters, of which she was aware photographic reproductions existed, would be published by M. Calmette and the secrets of her inner life thereby made public.

This argument, it is said, will be reduced to nothing by the reading of the letters, which Mme. Gueydan reluctantly gave over to Maitre Labori. She declined to receive them back from M. Labori. Replying to a question by M. Labori as to what she desired done with them the former wife of M. Caillaux said:

"I do not care what you do with them. Publish all of them if you wish to do so."

Their reading is now regarded as inevitable.

NEW PLAN OF ARBITRATION

Texas Miners Change Mode of Settling Wage Disputes.

Fort Worth, Tex., July 25.—At a meeting of Texas mine owners and the United Mine Workers of America, district No. 21, the old wage scale was signed, but a new arbitration plan was adopted.

The latter provides that an arbitrator shall act at the scene of trouble and that either side can appeal from his decision to the general arbitration board, composed of three miners and three operators.

SERVE NEW HAVEN PAPERS

Federal Judge in New York Directs Issuance of Subpoenas.

New York, July 25.—United States Judge Learned Hand directed the issuance of subpoenas against individuals named in the government's civil suit to dissolve the New York, New Haven and Hartford railroad system. Those defendants who do not reside here or who, residing here, cannot be found, are to be served by the marshal in the federal districts where they live or are to be found.

EIGHTEEN THOUSAND MINERS MAY STRIKE.

Scranton, Pa., July 25.—Eighteen thousand miners of the Delaware, Lackawanna and Western Coal company will strike on Aug. 1 because of a varied program of grievances, unless the company recognizes the authority of the general grievance committee before Wednesday of next week.

CABINET WILL
MEET TUESDAY

PEACE TREATIES TO SENATE

President Submits Twenty Which He Wishes Ratified.

Washington, July 25.—President Wilson sent to the senate for ratification Secretary Bryan's new peace treaties with twenty nations, providing for special investigations of disputes in all cases where the resources of diplomacy have failed.

They are the treaties which Secretary Bryan has indicated the president wishes to have ratified before congress adjourns.

ANOTHER UNIONIST ACCUSED

Business Agent of Machinery Safe Movers Is Arrested.

Chicago, July 25.—Detectives from the state's attorney's office arrested Roy Tanquey, business agent here of the Machinery Safe Movers' union, on a charge of conspiracy to extort money from Marshall Bros., teaming contractors. Christopher Dunne, business agent of the Van Drivers' union, is being sought on a similar charge.

LUMBER COMPANY'S PLANT DESTROYED.

Rib Lake, Wis., July 25.—Fire starting from an explosion in the boiler room destroyed the plant of the Rib Lake Lumber company, with a loss estimated at \$150,000. Firemen had difficulty in saving nearby buildings.

ONE KILLED IN EXPLOSION

Attempt to Check Flames With Dynamite Proves Fatal.

Jacksonville, Ind., July 25.—One man is reported killed and several injured in an explosion when dynamite was used in an effort to check flames that threatened to sweep the entire business section of this city. All telephone and telegraph wires are down. The damage is estimated at \$400,000.

Delays Decision on Haiti and San Domingo Policy.

AMERICA MEANS BUSINESS

Rebellious Elements in Both Countries Now Realize That Concentration of United States Marines at Guantanamo May Mean Invasion of San Domingo and Haiti on Short Notice.

Washington, July 25.—Decision as to what steps might be taken by the United States to force the restoration of peace in San Domingo and Haiti has been postponed until next Tuesday, when President Wilson will discuss the entire situation with his cabinet.

In the meantime negotiations are under way through diplomatic channels which it is hoped will bring about a composition of affairs in Haiti.

The rebellious elements in both countries now realize that the American government, by concentrating marines at Guantanamo, means business and there is a disposition at the state department to await the outcome of the diplomatic negotiations before advising drastic action.

Preparations, however, went forward at the navy department for the concentration of 1,600 marines with in striking distance of the Haitian coast. The marine forces will be commanded by Colonel Charles A. Doyen, veteran of many campaigns and a seasoned fighter.

RAISE OF ONE CENT AN HOUR

Federal Judge at Kansas City Orders Increase in Wages.

Kansas City, July 25.—Upon recommendation of the receivers of the Metropolitan Street Railway company of this city Federal Judge Hook ordered an increase of 1 cent an hour in the wages of the employees of the company.

The increase will affect 3,400 men and will cost the company between \$10,000 and \$125,000 a year, according to the estimates of the receivers.

REACHES CRUCIAL STAGE

Mediators May Not Be Able to Avert Railway Strike.

Chicago, July 25.—Mediation by the government between the ninety-eight Western railroads and their engineers and firemen reached a crucial stage, according to Martin A. Knapp, member of the federal board of mediation and conciliation. Judge Knapp said, however, that members of the board were still in hopes of reaching a settlement.

IOWA BROTHERS DROWNED

One Attempts to Help Other Who Gets Beyond Depth.

Jesup, Ia., July 25.—Louis and Earl Masters, eighteen and fifteen years old, respectively, were drowned in the Wapsipinicon, a small creek near Littleton.

Louis had entered the water and stepped into a deep hole, going under. When he arose he called for help and his younger brother attempted to save him.

MERCHANTS TO SEE WILSON

Delegation to Call at White House Wednesday.

READY FOR COTTON TAX BILL

House and Senate Agree to Measure to Eliminate Gambling.

Washington, July 25.—Final agreement on a bill to tax out of existence so called gambling transactions in cotton futures was reached by house and senate conferees.

Under the measure all futures contracts, which do not provide for delivery of spinnable cotton of a designated quality under standards to be established by the department of agriculture, would be subjected to a tax of \$10 per bale.

No tax would be imposed on futures transactions which come within these requirements, or upon trading in spot cotton.

FIVE MEN MISSING IN FIRE

They Were on Sixth Story of Building Destroyed.

Chicago, July 25.—Five men were reported missing when fire destroyed the six-story building used by Morris & Co., as a refinery in the stock yards. The loss was estimated at \$100,000. Those missing were at work on the sixth floor of the building, the fire originated on the sixth floor and worked upward rapidly and it is feared the workers may have lost their lives.

A Knowing Observer.

One of the strangers in Washington wandered into the gallery of the house of representatives and sat there for an hour or so, and when he left he remarked to a friend, "Those fellows are talking to get into the Congressional Record, and the Record is going to their constituents." The remark shows that the average American citizen can catch on to much of the purpose of the debate in the house if he cinches his mind on the subject.

Uncle Joe Coming Back.

Reports from the Wabash region of Illinois are to the effect that Uncle Joe is coming back. Uncle Joe was defeated by a plurality of only 778 votes, and there were 9,511 votes cast for the Progressive candidate. It is said that the Progressives will go back to the Republican party in sufficient numbers to insure Cannon's election, although an effort will be made to have Colonel Roosevelt go into the district in the hopes of holding the "Progressive strength."

SIR EDWARD CARSON.

Insists on Permanent Exclusion of Ulster.

BELFAST RECEIVES TIDINGS

Failure of Home Rule Conference Creates No Excitement.

Belfast, July 25.—The failure of the Buckingham palace conference on home rule became known definitely in Belfast through telegrams from the Ulster leaders and the official announcement caused no excitement here.

Leading business men, clergymen, bankers and manufacturers, who had declared for an anti-home rule movement, were unanimous in endorsing the uncompromising attitude of Sir Edward Carson and Captain James Craig in demanding the total and permanent exclusion of Ulster from the workings of the home rule bill.

CAILLAUX DEFENSE
IS EMBARRASSED

Obtains Permission to Read Certain Letters.

Paris, July 25.—The defense in the trial of Mme. Henrietta Caillaux for the murder of Gaston Calmette, editor of the Figaro, was caught in a trap innocently set by Mme. Gueydan, once the wife of the prisoner's husband.

The principal argument of Maitre Labori, counsel for Mme. Caillaux, has been that his client was driven to shoot M. Calmette through fear that two letters, of which she was aware photographic reproductions existed, would be published by M. Calmette and the secrets of her inner life thereby made public.

This argument, it is said, will be reduced to nothing by the reading of the letters, which Mme. Gueydan reluctantly gave over to Maitre Labori. She declined to receive them back from M. Labori. Replying to a question by M. Labori as to what she desired done with them the former wife of M. Caillaux said:

"I do not care what you do with them. Publish all of them if you wish to do so."

Their reading is now regarded as inevitable.

NEW PLAN OF ARBITRATION

Texas Miners Change Mode of Settling Wage Disputes.

Fort Worth, Tex., July 25.—At a meeting of Texas mine owners and the United Mine Workers of America, district No. 21, the old wage scale was signed, but a new arbitration plan was adopted.

The latter provides that an arbitrator shall act at the scene of trouble and that either side can appeal from his decision to the general arbitration board, composed of three miners and three operators.

SERVE NEW HAVEN PAPERS

Federal Judge in New York Directs Issuance of Subpoenas.

New York, July 25.—United States Judge Learned Hand directed the issuance of subpoenas against individuals named in the government's civil suit to dissolve the New York, New Haven and Hartford railroad system.

Those defendants who do not reside here or who, residing here, cannot be found, are to be served by the marshal in the federal districts where they live or are to be found.

EIGHTEEN THOUSAND MINERS MAY STRIKE.

Scranton, Pa., July 25.—Eighteen thousand miners of the Delaware, Lackawanna and Western Coal company will strike on Aug. 1 because of a varied program of grievances, unless the company recognizes the authority of a general grievance committee before Wednesday of next week.

CABINET WILL

PEACE TREATIES TO SENATE

President Submits Twenty Which He Wishes Ratified.

Washington, July 25.—President Wilson sent to the senate for ratification Secretary Bryan's new peace treaties with twenty nations, providing for special investigations of disputes in all cases where the resources of diplomacy have failed.

They are the treaties which Secretary Bryan has indicated the president wishes to have ratified before congress adjourns.

ANOTHER UNIONIST ACCUSED

Business Agent of Machinery Safe Movers Is Arrested.

Chicago, July 25.—Detectives from the state's attorney's office arrested Roy Tanguay, business agent here of the Machinery Safe Movers' union, on a charge of conspiracy to extort money from Marshall Bros., teaming contractors. Christopher Dunne, business agent of the Van Drivers' union, is being sought on a similar charge.

LUMBER COMPANY'S PLANT DESTROYED.

Rib Lake, Wis., July 25.—Fire starting from an explosion in the boiler room destroyed the plant of the Rib Lake Lumber company, with a loss estimated at \$150,000. Firemen had difficulty in saving nearby buildings.

ONE KILLED IN EXPLOSION

Attempt to Check Flames With Dynamite Proves Fatal.

Jasonville, Ind., July 25.—One man is reported killed and several injured in an explosion when dynamite was used in an effort to check flames that threatened to sweep the entire business section of this city. All telephone and telegraph wires are down. The damage is estimated at \$400,000.

Delays Decision on Haiti and San Domingo Policy.

AMERICA MEANS BUSINESS

Rebellious Elements in Both Countries

Now Realize That Concentration of United States Marines at Guantanamo May Mean Invasion of San Domingo and Haiti on Short Notice.

Washington, July 25.—Decision as to what steps might be taken by the United States to force the restoration of peace in San Domingo and Haiti has been postponed until next Tuesday, when President Wilson will discuss the entire situation with his cabinet.

In the meantime negotiations are under way through diplomatic channels which it is hoped will bring about a composition of affairs in Haiti.

The rebellious elements in both countries now realize that the American government, by concentrating marines at Guantanamo, means business and there is a disposition at the state department to await the outcome of the diplomatic negotiations before advising drastic action.

Preparations, however, went forward at the navy department for the concentration of 1,000 marines within striking distance of the Haitian coast. The marine forces will be commanded by Colonel Charles A. Doyen, veteran of many campaigns and a seasoned fighter.

RAISE OF ONE CENT AN HOUR

Federal Judge at Kansas City Orders Increase in Wages.

Kansas City, July 25.—Upon recommendation of the receivers of the Metropolitan Street Railway company of this city Federal Judge Hook ordered an increase of 1 cent an hour in the wages of the employees of the company.

The increase will affect 3,400 men and will cost the company between \$110,000 and \$125,000 a year, according to the estimates of the receivers.

REACHES CRUCIAL STAGE

Mediators May Not Be Able to Avert Railway Strike.

Chicago, July 25.—Mediation by the government between the ninety-eight Western railroads and their engineers and firemen reached a crucial stage, according to Martin A. Knapp, member of the federal board of mediation and conciliation. Judge Knapp said, however, that members of the board were still in hopes of reaching a settlement.

IOWA BROTHERS DROWNED

One Attempts to Help Other Who Gets Beyond Depth.

Jesup, Ia., July 25.—Louis and Earl Masters, eighteen and fifteen years old, respectively, were drowned in the Wapsipinicon, a small creek near Littleton.

Louis had entered the water and stepped into a deep hole, going under. When he arose he called for help and his younger brother attempted to save him.

MERCHANTS TO SEE WILSON

Delegation to Call at White House Wednesday.

Philadelphia, July 25.—Announcement was made here that a delegation representing through national associations more than 1,000 wholesale houses, which annually handle products, approximately three billions of dollars, will be received by President Wilson at noon next Wednesday to talk over business conditions.

READY FOR COTTON TAX BILL

House and Senate Agree to Measure to Eliminate Gambling.

Washington, July 25.—Final agreement on a bill to tax out of existence so-called gambling transactions in cotton futures was reached by house and senate conferees.

Under the measure all futures contracts, which do not provide for delivery of spinnable cotton of a designated quality under standards to be established by the department of agriculture, would be subjected to a tax of \$10 per bale.

No tax would be imposed on futures transactions which come within these requirements, or upon trading in spot cotton.

FIVE MEN MISSING IN FIRE

They Were on Sixth Story of Building Destroyed.

Chicago, July 25.—Five men were reported missing when the destroyed six-story building used by Morris & Co., as a refinery in the stock yards. The loss was estimated at \$100,000. Those missing were at work on the sixth floor of the building. The fire originated on the sixth floor and worked upward rapidly and it is feared the workers may have lost their lives.

HENRY P. DUNN IS NOMINATED

President Wilson Sends the Name of Mr. Dunn to the Senate for Confirmation as

THE POSTMASTER OF BRAINERD

Long Drawn Out Contest for the Position is Finally Decided in Favor of Former Mayor

The telegraphic dispatches this morning brought the information that President Wilson yesterday afternoon sent the name of Henry P. Dunn to the senate for confirmation as postmaster of Brainerd and thus ends one of the most vigorous and exciting contests ever waged in the democratic party of this city or county. The candidates for the position were James Cullen, who started his campaign immediately after the election of a democratic president and who circulated a petition that was widely signed, later on James J. Nolan, who has been connected with the local postoffice as carrier since the establishment of that service, came out as a candidate and received the endorsement of many of the prominent democratic leaders. The friends of both Mr. Cullen and Mr. Nolan pressed their claims as the expiration of the term of N. H. Ingersoll as postmaster neared. Many friends of C. D. Johnson urged his appointment but he was never an open and avowed candidate owing to the fact that as senator his selection was considered improbable. It was given out that owing to the fact that Mr. Nolan was in the classified service he was eliminated from consideration and at this stage Henry P. Dunn became a candidate at the solicitation of a number of his friends and they have waged the contest to a successful conclusion, as undoubtedly Mr. Dunn's nomination will be confirmed by the senate in due form without opposition, and in that case he will take the office as soon as the usual procedure is gone through with.

That Mr. Dunn will make a first class official goes without saying, he is well acquainted with the city, its possibilities and its needs, and has a personal acquaintance with as many of the people of the city as any other one man. He steps into one of the best equipped postoffices in the state of its size and will assume the duties as postmaster of an office that stands at the head in regard to efficiency and service, and that he will retain that efficiency is the prediction of his friends, and the Dispatch extends to him congratulations in his new relations.

Mr. Ingersoll, who will retire as postmaster upon the qualification of the new appointee, was appointed to the position in January, 1900.

PRES. MARSHALL TO VISIT RANGE

Special to Dispatch:

Duluth, Minn., July 25—E. E. Marshall, president of the American Manganese Manufacturing Co., arrived from Philadelphia today to inspect the properties of the company, and plan future operations. He will visit the range during the week. A directors meeting will be held next Friday.

MRS. C. P. WRIGHT PASSED AWAY

One of Pioneer Residents of Brainerd Died at Home of Her Daughter in St. Paul

Mrs. C. P. Wright, aged 86, died this morning at the home of her daughter, Mrs. E. O. Parks, at White Bear Lake, St. Paul, death being due to old age. Mr. and Mrs. Wright came to Brainerd in 1879 and were prominently identified with the early history of Brainerd. Her husband preceded her to his reward eight years ago, dying at the age of 82. She was a member of the Congregational church, attending services regularly.

Mrs. Wright leaves these children: Mrs. E. O. Parks of White Bear Lake; Mrs. A. H. Rawson of Tioga, Penn.; Mrs. Louise Congdon, of Brainerd; Judd Wright of Brainerd and G. C. Wright of Ashley, N. D.

The funeral services will be held at Brainerd and it is believed may be held on Monday morning. However, nothing definite can be announced until all relatives are communicated with.

The sympathy of the community is extended the family in their sad bereavement.

HAS WHITE SLAVE CASE

Two Girls, Formerly of Crosby, Get Several Men in the Toils at Superior, Wis.

As the result of a confession made to Sheriff Gustaf Carlson and two members of the Duluth police department during the early morning hours Thursday by Amanda Ross and Martha Gierz, the two young girls used as stoop pigeons by private detectives in securing evidence against Superior blindpiggers for the sheriff's office, says the Superior Telegram, several prominent Superior young men may be brought to trial on serious charges.

While the girls have been in Superior on several occasions, their last stay has been of about five weeks' duration, they coming here from Crosby.

One well known Superior young man, whose father is prominent in Superior business circles, may face trial on a white slavery charge.

This particular young man, according to the girls, received money from both of them on the understanding that he was to introduce them to other young men. They furthermore informed the sheriff and Duluth police officers that he urged one of them to accompany him to St. Paul where he would place her in a resort.

ITEMS OF LOCAL INTEREST

Copied From the Barrows News, The Live Local Paper that Represents that Mining Town

Attorney W. H. Crowell of Brainerd was in town looking after business.

Robert Clarke has returned from R. R. Wise's ranch, where he has spent the past week.

F. O. Young says his parents like their new home in Dillon, Montana, where they moved a short time ago.

E. L. Guin is making his regular trips to town with groceries from Crow Wing, his wagon is well filled every trip.

John Monette is selling new potatoes at one dollar per bushel that is quite reasonable for new potatoes this time of year.

One of the large horses at the mine had to be shot last week on account of sickness. The team weighed 4,000 and was well matched.

The Duluth Diamond Drill Co. will spot their two drills to start drilling Monday south of the mine.

When the state road is complete from the mine to town, we will have a good rock ballast road to Brainerd which means quite a help in going to and from Brainerd.

Levi Bailey reports that he has all his tame hay taken care of. The crop was the finest that he has cut in years both as to quality and quantity.

Haying is on in full blast in Crow Wing. Arthur Dougherty, has seven different crews of haymakers on his 160 acres of meadow this week. He estimates that his meadow will cut 200 tons of hay this year, all of which will be cut.

The church here was dedicated Sunday, July 19th. There were a good many people there from out of town and they filled the church to its capacity. Rev. Burns officiating, they announced that the church was in debt and to complete it would require \$210. The people subscribed \$127, so there is only a debt of \$83 to pay before January 1st, 1915.

DEVELOPMENTS OF WEEK ON RANGE

Wave of Optimism Sweeps Cuyuna Range and Development Work Proceeding at Top Notch

IRON MOUNTAIN MAKES LEASE

Eastern Interests Pay \$50,000 Cash Advance Royalty Down, Largest in History of Range

A wave of optimism is sweeping the Cuyuna iron range and development work is proceeding at top notch. More things have been planned in the last few days than for weeks past. No where is this more evident than in the case of the Iron Mountain Mining company, whose holdings have been leased by wealthy eastern parties who have paid down \$50,000 advance royalty, the largest royalty ever paid down on any property in the Lake Superior district. A royalty of 75 cents a ton has been specified. The company has tested the shaft and stockpile and it will develop the mine, making it a pit mine. It is believed it can be stripped of much of its overburden in three months. The mine of the Iron Mountain Mining company is located in what is believed to be the center of the manganese deposits of the Cuyuna range. It is expected that a large tonnage will be moved this year.

Jones & Laughlin are to commence the stripping of the Feigh property in section 9, township 46, range 29 and loads of stakes have been placed near Ironton by the corps of surveyors out lining the tract in which the steam shovels will soon be scooping out the overburden. Part of this surface ground will be dumped in the southwest quarter of the southwest quarter of section 10, township 46, range 29 and the ground will be leveled off and platted into townsite property by W. S. Pitt, Ben Mizzen and B. B. Gaylord, being situated near the east end of Black Hoof lake and a mile west of Ironton and in the incorporated village of Ironton. The rest of the overburden will go out in the northwest quarter of the northwest quarter of section 15, township 46, range 29. In no other range of the country is more care exercised in disposing of the overburden than on the Cuyuna range. Land is valuable whether for mining, agricultural or summer resort purposes and consequently there is no haphazard disposal of the overburden. For instance, the Pennington mine will this year put a large lot of its overburden in the south end of the village of Ironton, thus leveling the townsite there and greatly improving the same.

The Cuyuna-Duluth mine is steadily shipping from its shaft. The stockpile has not yet been touched. It is very valuable, containing manganese ore. The Cuyuna-Mille Lacs mine is continuing to ship on an average of ten cars daily. President Marshall, of the American Manganese Manufacturing Co., is expected on the range in a few days and will examine the two subsidiary mines of the company and increased shipments may then be expected. All ore shipped is handled by the Northern Pacific railway.

A company is being organized by Fred Baxter and James Ducey, of Superior, Wis., to put down a shaft in the northwest quarter of the southwest quarter of the northwest quarter of section 9, township 46, range 29. Fred Baxter is a well known railway contractor who has also had considerable mining experience.

The Klondyke Iron company has been incorporated by B. O. Bergeson and Otto Delphenick of Superior and C. M. Christenson of Atkinson, the principal place of business being Atkinson. The board of directors includes those named and H. T. Lofgren, G. L. Porter and Charles Bergeson of Superior. The capital stock is \$15,000 and the highest indebtedness allowed is \$1,000. The officers are President H. T. Lofgren, vice president G. L. Porter, secretary B. O. Bergeson and treasurer Charles Bergeson.

There has been recorded the ore carrying contract made between the Rogers, Brown Ore Co. and the Cuyuna Iron Range railway company covering property in the northeast quarter of the northeast quarter of section 11, township 46, range 29 and the northwest quarter of the northwest quarter of section 12, township

THE HOSPITALITY OF PEQUOT

Says the Adverse Criticism of the "Pequotonian" Was Entirely Uncalled For

The Dispatch is glad to give space to the following communication from Rev. C. Hougstad, who takes exception to the statements made by the "Pequotonian" of Pequot, wherein that publication charges the Pequot people with not showing sufficient interest in the visit of the Norwegian Danish Lutheran church congregations at Pequot. The letter follows: Editor Dispatch:

In the article reprinted in yesterday's issue from the "Pequotonian" relating to the union services at Pequot last Sunday of the churches served by C. Hougstad, the pastor of the Norwegian-Danish Lutheran church of Brainerd, Pequot and other places, the adverse criticism made by the Pequotonian of the good people of Pequot for the way in which they received their visitors from Brainerd is, in my opinion, entirely uncalled for.

On the contrary, the visitors who came by special train were pleasantly surprised at the kindness and courtesy accorded them by the citizens of Pequot shown in transporting them without charge from the depot to the fair grounds as also free rides in and about the village.

We came to Pequot with a special purpose in view, that of holding union services with our sister congregations of Pequot and Pine River, and for that purpose we had the generous use of the fair buildings and entirely unknown to us the gallant automobilists and others in Pequot were concerned about our welfare and happiness to the extent of giving their time and expense to make our day's stay in Pequot pleasant.

We were not prepared in a great measure to offer much of interest to the general public and yet a great many gladdened us with their presence, patiently listening to speaking and singing in a language not understood by them. Now this speaks well for the people of Pequot and they may rest assured that we returned to Brainerd with nothing but the kindest and most grateful feelings and memories of a pleasant day in Pequot.

C. HOUGSTAD.

HENRY P. DUNN IS NOMINATED

President Wilson Sends the Name of
Mr. Dunn to the Senate for
Confirmation as

THE POSTMASTER OF BRAINERD

Long Drawn Out Contest for the Po-
sition is Finally Decided in
Favor of Former Mayor

The telegraphic dispatches this morning brought the information that President Wilson yesterday afternoon sent the name of Henry P. Dunn to the senate for confirmation as postmaster of Brainerd and thus ends one of the most vigorous and exciting contests ever waged in the democratic party of this city or county. The candidates for the position were James Cullen, who started his campaign immediately after the election of a democratic president and who circulated a petition that was widely signed, later on James J. Nolan, who has been connected with the local postoffice as carrier since the establishment of that service, came out as a candidate and received the endorsement of many of the prominent democratic leaders. The friends of both Mr. Cullen and Mr. Nolan pressed their claims as the expiration of the term of N. H. Ingersoll as postmaster neared. Many friends of C. D. Johnson urged his appointment but he was never an open and avowed candidate owing to the fact that as senator his selection was considered improbable. It was given out that owing to the fact that Mr. Nolan was in the classified service he was eliminated from consideration and at this stage Henry P. Dunn became a candidate at the solicitation of a number of his friends and they have waged the contest to a successful conclusion, as undoubtedly Mr. Dunn's nomination will be confirmed by the senate in due form without opposition, and in that case he will take the office as soon as the usual procedure is gone through with.

That Mr. Dunn will make a first class official goes without saying, he is well acquainted with the city, its possibilities and its needs, and has a personal acquaintance with as many of the people of the city as any other one man. He steps into one of the best equipped postoffices in the state of its size and will assume the duties as postmaster of an office that stands at the head in regard to efficiency and service, and that he will retain that efficiency is the prediction of his friends, and the Dispatch extends to him congratulations in his new relations.

Mr. Ingersoll, who will retire as postmaster upon the qualification of the new appointee, was appointed to the position in January, 1900.

PRES. MARSHALL TO VISIT RANGE

Special to Dispatch:

Duluth, Minn., July 25—E. E. Marshall, president of the American Manganese Manufacturing Co., arrived from Philadelphia today to inspect the properties of the company and plan future operations. He will visit the range during the week. A directors meeting will be held next Friday.

MRS. C. P. WRIGHT PASSED AWAY

One of Pioneer Residents of Brainerd
Died at Home of Her Daughter
in St. Paul

Mrs. C. P. Wright, aged 86, died this morning at the home of her daughter, Mrs. E. O. Parks, at White Bear Lake, St. Paul, death being due to old age. Mr. and Mrs. Wright came to Brainerd in 1879 and were prominently identified with the early history of Brainerd. Her husband preceded her to his reward eight years ago, dying at the age of 82. She was a member of the Congregational church, attending services regularly.

Mrs. Wright leaves these children: Mrs. E. O. Parks of White Bear Lake; Mrs. A. H. Rawson of Tioga, Penn.; Mrs. Louise Congdon, of Brainerd; Judd Wright of Brainerd and G. C. Wright of Ashley, N. D.

The funeral services will be held at Brainerd and it is believed may be held on Monday morning. However, nothing definite can be announced until all relatives are communicated with.

The sympathy of the community is extended the family in their sad bereavement.

HAS WHITE SLAVE CASE

Two Girls, Formerly of Crosby, Get
Several Men in the Toils at
Superior, Wis.

As the result of a confession made to Sheriff Gustaf Carlson and two members of the Duluth police department during the early morning hours Thursday by Amanda Ross and Matilda Gieritz, the two young girls used as stooge girls by private detectives in securing evidence against Superior blindpiggers for the sheriff's office, says the Superior Telegram, several prominent Superior young men may be brought to trial on serious charges.

While the girls have been in Superior on several occasions, their last stay has been of about five weeks' duration, they coming here from Crosby.

One well known Superior young man, whose father is prominent in Superior business circles, may face trial on a white slavery charge.

This particular young man, according to the girls, received money from both of them on the understanding that he was to introduce them to other young men. They furthermore informed the sheriff and Duluth police officers that he urged one of them to accompany him to St. Paul where he would place her in a resort.

Attorney W. H. Crowell of Brainerd was in town looking after business.

Robert Clarke has returned from R. R. Wise's ranch, where he has spent the past week.

F. O. Young says his parents like their new home in Dillon, Montana, where they moved a short time ago.

E. L. Guin is making his regular trips to town with groceries from Crow Wing, his wagon is well filled every trip.

John Monette is selling new potatoes at one dollar per bushel that is quite reasonable for new potatoes this time of year.

One of the large horses at the mine had to be shot last week on account of sickness. The team weighed 4,000 and was well matched.

The Duluth Diamond Drill Co. will spot their two drills to start drilling Monday south of the mine.

When the state road is complete from the mine to town, we will have a good rock ballast road to Brainerd which means quite a help in going to and from Brainerd.

Levi Bailey reports that he has all his tame hay taken care of. The crop was the finest that he has cut in years both as to quality and quantity.

Haying is on in full blast in Crow Wing. Arthur Dougherty, has seven different crews of haymakers on his 160 acres of meadow this week. He estimates that his meadow will cut 200 tons of hay this year, all of which will be cut.

The church here was dedicated Sunday, July 19th. There were a good many people there from out of town and they filled the church to its capacity. Rev. Burns officiating. They announced that the church was in debt and to complete it would require \$210. The people subscribed \$127, so there is only a debt of \$83 to pay before January 1st, 1915.

DEVELOPMENTS OF WEEK ON RANGE

Wave of Optimism Sweeps Cuyuna
Range and Development Work
Proceeding at Top Notch

IRON MOUNTAIN MAKES LEASE

Eastern Interests Pay \$50,000 Cash
Advance Royalty Down, Largest
in History of Range

A wave of optimism is sweeping the Cuyuna iron range and development work is proceeding at top notch. More things have been planned in the last few days than for weeks past. No where is this more evident than in the case of the Iron Mountain Mining company, whose holdings have been leased by wealthy eastern parties who have paid down \$50,000 advance royalty, the largest royalty ever paid down on any property in the Lake Superior district. A royalty of 75 cents a ton has been specified. The company has tested the shaft and stockpile and it will develop the mine, making it a pit mine. It is believed it can be stripped of much of its overburden in three months. The mine of the Iron Mountain Mining company is located in what is believed to be the center of the manganese deposits of the Cuyuna range. It is expected that a large tonnage will be moved this year.

Jones & Laughlin are to commence the stripping of the Feigh property in section 9, township 46, range 29 and loads of stakes have been placed near Ironton by the corps of surveyors out lining the tract in which the steam shovels will soon be scooping out the overburden. Part of this surface ground will be dumped in the southwest quarter of the southwest quarter of section 10, township 46, range 29 and the ground will be leveled off and platted into townsite property by W. S. Pitt, Ben Mizzen and B. B. Gaylord, being situated near the east end of Black Hoof lake and a mile west of Ironton and in the incorporated village of Ironton. The rest of the overburden will go out in the northwest quarter of the northwest quarter of section 15, township 46, range 29. In no other range of the country is more care exercised in disposing of the overburden than on the Cuyuna range. Land is valuable whether for mining, agricultural or summer resort purposes and consequently there is no haphazard disposal of the overburden. For instance, the Pennington mine will this year put a large lot of its overburden in the south end of the village of Ironton, thus leveling the townsite there and greatly improving the same.

The Cuyuna-Duluth mine is steadily shipping from its shaft. The stockpile has not yet been touched. It is very valuable, containing manganese ore. The Cuyuna-Mille Lacs mine is continuing to ship on an average of ten cars daily. President Marshall, of the American Manganese Manufacturing Co., is expected on the range in a few days and will examine the two subsidiary mines of the company and increased shipments may then be expected. All ore shipped is handled by the Northern Pacific railway.

A company is being organized by Fred Baxter and James Ducey, of Superior, Wis., to put down a shaft in the northwest quarter of the southwest quarter and the southwest quarter of the northwest quarter of section 9, township 46, range 29. Fred Baxter is a well known railway contractor who has also had considerable mining experience.

The Klondyke Iron company has been incorporated by B. O. Bergeson and Otto Delphenick of Superior and C. M. Christenson of Atkinson, the principal place of business being Atkinson. The board of directors includes those named and H. T. Lofgren, G. L. Porter and Charles Bergeson of Superior. The capital stock is \$15,000 and the highest indebtedness allowed is \$1,000. The officers are President H. T. Lofgren, vice president G. L. Porter, secretary B. O. Bergeson and treasurer Charles Bergeson.

There has been recorded the ore carrying contract made between the Rogers, Brown Ore Co. and the Cuyuna Iron Range railway company covering property in the northeast quarter of the northeast quarter of section 11, township 46, range 29 and the northwest quarter of the northwest quarter of section 12, township

46, range 29. Until 2,000,000 tons was shipped annually the rate was to be 65 cents a ton. Thereafter, when shipments exceeded two million tons annually it was to be 60 cents a ton. If other railways made lower rates for shipment of iron ore from Crow Wing county east of the Mississippi river to the same or similar lake ports, the railway company was to make a similar rate. The company agreed to complete the main line and also to build a spur to the property for the shipment of the ore. The contract is signed by S. A. Kennedy, president of the Rogers, Brown Ore Co. and Chester D. Tripp, vice president of the Cuyuna Iron Range railway. The property includes the Meacham mine and putting the contract on record may be an indication that this mine may become a shipper this season. The Meacham has a cement shaft and is fully equipped for being mined, although up to date not a pound of ore has been moved from the same.

C. J. O'Connell is now operating two laboratories. One is at Crosby and a branch has been established at Riverport. The Thompson pit mine of the Inland Steel company will probably start shipping ore this week. The mine has made heavy shipments in the past when it was operated as an underground proposition. Tom Cole has three drills working in section 9, township 46, range 29. The drills of George H. Crosby are quiet at present, although activity is expected soon.

The Cuyuna-Mille Lacs iron company will hold its annual stockholders' meetings Monday, August 3, at the Lonsdale building, Duluth. Seven directors are to be elected and other business will also be transacted. The 150 foot level of the Duluth-Brainerd mine reached ore last Thursday and samples of ore taken seven feet in the ore reveal manganese ore of the highest quality. The shaft, a standard three-compartment one, is now down 160 feet. Drifting was commenced at the 150 foot point and the ore body reached at 125 feet from the shaft, leaving a sufficient amount of rock between the shaft and the ore body to support the shaft in good shape. The ore is a hard manganese ore of a blue steel color and resembles closely the best grades of ore of the Cuyuna-Mille Lacs mine. The Northern Pacific railway have completed their extension from the Cuyuna-Mille Lacs mine to the property, so that cars can be loaded in a week if necessary.

The Merritt Development company is exploring the northwest quarter of the southwest quarter of section 33, township 47, range 29, the drilling being done by the Stowell Exploration company of Deerwood. Daniel Waite, of Duluth, will commence drilling at once in section 6, township 131, range 30 in Morrison county.

The Adams mine at Oreland, an underground mine, has not yet shipped any ore. The mine is being stockpiled. Some water is being pumped, being well handled by an electric pump installed by the Cuyuna Range Power Co., backed by a steam reserve. At the Wilcox mine at Woodrow the shaft is being anchored in solid bedrock and when that is completed, drifting will be started. Supplies, coal and machinery are being hauled over the extension the Northern Pacific railway put in between Loerch and the mine.

The Armour No. 2 mine at Crosby and the Kennedy mine at Cuyuna of the Rogers, Brown Ore Co. are shipping from their shafts. Not much has been done with the stockpiles accumulated in the winter. The president of the company, Chester D. Tripp, of Chicago, spends his summers on the range and is in personal touch with all affairs. He has a beautiful summer home on Serpent lake in Crosby.

It is hoped to soon have the mine rescue car and its course of instruction exemplified on the Cuyuna range at Crosby, Ironton and Deerwood and probably Cuyuna, so that miners and others will gain valuable data from the lectures given. Such a car has never visited the range and its coming will cause a large attendance of those interested.

The Brainerd-Cuyuna mine in the city limits of Brainerd is approaching ledge in its two shafts. Capt. John O. Martin has just returned from a business trip to Duluth. The Long-year Exploration Co. is drilling its fourth hole on the county poor farm property. Five more holes are to be put down and if the company desires

THE HOSPITALITY OF PEQUOT

Says the Adverse Criticism of the
"Pequotian" Was Entirely
Uncalled For

The Dispatch is glad to give space to the following communication from Rev. C. Hougstad, who takes exception to the statements made by the "Pequotian" of Pequot, wherein that publication charges the Pequot people with not showing sufficient interest in the visit of the Norwegian Danish Lutheran church congregations at Pequot. The letter follows: Editor Dispatch:

In the article reprinted in yesterday's issue from the "Pequotian" relating to the union services at Pequot last Sunday of the churches served by C. Hougstad, the pastor of the Norwegian-Danish Lutheran church of Brainerd, Pequot and other places, the adverse criticism made by the Pequotian of the good people of Pequot for the way in which they received their visitors from Brainerd is, in my opinion, entirely uncalled for.

On the contrary, the visitors who came by special train were pleasantly surprised at the kindness and courtesy accorded them by the citizens of Pequot shown in transporting them without charge from the depot to the fair grounds as also free rides in and about the village.

We came to Pequot with a special purpose in view, that of holding union services with our sister congregations of Pequot and Pine River, and for that purpose we had the generous use of the fair buildings and entirely unknown to us the gallant automobilists and others in Pequot were concerned about our welfare and happiness to the extent of giving their time and expense to make our day's stay in Pequot pleasant.

We were not prepared in a great measure to offer much of interest to the general public and yet a great many gladdened us with their presence, patiently listening to speaking and singing in a language not understood by them. Now this speaks well for the people of Pequot and they may rest assured that we returned to Brainerd with nothing but the kindest and most grateful feelings and memories of a pleasant day in Pequot.

C. HOUGSTAD.

FRAZEE EXPECTS TO WIN SUNDAY

In Story Frazee Management Outlines Its Superb Pitching and Fielding Departments

TEAM IS HITTING 280 CLIP

Frazee Has Defeated 10 Out of 13 Teams This Year—Tilt With Verndale Described

The officers of the Frazee Baseball Association are composed of President Dr. E. R. Barton, manager Carl Schmitz and secretary-treasurer Geo. Eber. In a letter received from the management is given this story of the Frazee team, which plays Brainerd Sunday afternoon at 3:30 at the Keating grounds:

Frazee has the best team in its history this year. She has two pitchers, Russell and Sletten, both of whom have played in the Northern League and have played semi-professional ball for several years.

"Jumbo" Olson the catcher, has played with the M-A league in Minneapolis and is a catcher equal to the best.

"Jap" Cahlander is another fast infielder from Minneapolis, who plays at short, a hard hitter and fast fielder. The outfield is one of the best in this part of the country and the infield is fast. The team as a whole is hitting at a 280 clip, with 5 men above .300.

The team has defeated 10 out of 13 teams met this year, including Verndale, Perham (2), Moorhead (2) and others equally fast.

The game at Verndale was lost through no fault of the Frazee players, the game at the ninth inning standing 1 to 0 in our favor. Verndale put in a pinch hitter without uniform over our objection and in face of the fact he was struck out, the umpire refused to call him out until he had hit fair. Rather than to leave the field we took a questionable defeat.

Our team is one of the fastest in this section and we will play any team who will play fair ball. We

OFFERS HIS SERVICES FREE OF CHARGE

Dr. Doran, licensed by the state of Minnesota for the treatment of deformities and all nervous and chronic diseases of men, women and children, offers to all who call on this trip consultation, examination, advice free except the expense of the medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality, that his treatment is reasonably sure and certain in its effect.

According to his system no more operations for appendicitis, gall stones, tumors, goitre or certain forms of cancer.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, catarrhal deafness, rheumatism, sciatica, malaria, bed-sores, leg ulcers, weak lungs and those afflicted with long standing, deep-seated chronic diseases, that have baffled the skill of the family physician, should not fail to call.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for examination.

No matter what your ailments may be, no matter what others have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see him at once. Have it forever settled in your mind. If your case is incurable he will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself and friends or relatives, who are suffering because of your sickness, as a visit at this time may stop the disease and save your life.

Remember, this free offer is for one day only.

Married ladies must be accompanied by their husbands and minors with their parents.

P. J. LONG IN LAND DEALS

Mrs. Edward R. Syverson and Her Daughter Visiting Relatives—Other Ironton News

Ironton, Minn., July 24—Ironton travels to Verndale Sunday and plays the Verndale team there.

P. J. Long and Minneapolis men associated with him in land deals, were in Brainerd Thursday attending to business matters.

Mr. and Mrs. Howard Oits were Brainerd visitors Thursday.

The First National bank is installed in its new bank building diagonally opposite the Spina hotel.

Edward Norlin was at the county seat this week.

John H. Hill was at Brainerd on Thursday.

Mrs. Edward R. Syverson and daughter, Evelyn, are visiting her parents in the Red River Valley.

Attorney D. B. McAlpine attended to legal matters in Brainerd Wednesday.

The visit of President Marshall of the American Manganese Manufacturing Co. is expected to stir up shipping activity at the Cuyuna-Duluth and Cuyuna-Mille Lacs mines at Ironton.

The Cuyuna-Duluth mine is shipping steadily from shaft to cars.

The last weeks has seen a great impetus in mining operations at and near Ironton and the town promises to be a center of development work on the north range of the Cuyuna iron range.

Writes About Scoring

Sporting Editor, Brainerd Dispatch, Brainerd, Minn.

Dear Sir:

Allow me to quote from the explanation of scoring rules to be found in the A. G. Spaulding booklet, "How to Score a Baseball Game."

"In endeavoring to fairly and intelligently discriminate between the base hit and the error, never for an instant be influenced by that favorite fallacy of the ignorant, that if a fielder gets his hands on the ball he should be given an error and the batter deprived of a base hit he may have reasonably earned. No greater mistake could be made than in allowing this false doctrine to influence results.

"If an outfielder drops a ball for which he has had ample time to set himself, charge him with an error. But if he has had a long run and has barely managed to reach the ball, even should he get it wholly within his hands and yet drop it, give the batter credit for a base hit.

"A sacrifice hit shall be credited to the batsman when no one is out or when but one man is out, advance a runner a base on a bunt hit, which results in the batsman being put out before reaching first, or would so result if it were handled without error."

The guide book (not score book) gives also the following. Read it carefully.

"When a fielder after handling a batted ball, elects to try to retire a base runner instead of the batter, the play is known as a fielder's choice. In case the runner is retired or would be retired but for an error, the batter should be charged with a time at bat, but no hit. If the runner is not retired and no error is made, the batter shall be charged with a time at bat, but no hit, provided he swung at the ball, and shall be credited with a sacrifice hit, provided he bunted the ball, if, however, in the judgment of the scorer the batter could not have been retired at first base by perfect fielding, he shall be credited with a base hit."

The writer has scored base ball games over a great deal of the United States during the last five years, so that his scoring of major league games even, very seldom differs from that of the official scorers. Your box score of the Staples-Brainerd game of July fourth does not "hitch" with these rules, which is the fact that prompted this letter. There is no ill will of any kind behind this letter, but only a desire to see accurate scoring.

Respectfully,

HARRY MAGUIRE.

NOTE—The Brainerd team has its official scorer and the communication has been called to his attention.

DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 3)

It will take a mining lease from Crow Wing county.

The county commissioners went over the range on Wednesday and examined all working properties with a view of arriving at proper figures for taxation purposes. The commissioners and the county auditor are now sitting as a board of review in county tax matters.

At Barrows and Brainerd efforts are being continued to have either a home or foreign mining company take over the Brainerd Mining company property at Barrows to mine the same. The fee owners, the Brainerd Mining Co., are working actively to get some company interested in the property.

In a review of business conditions, the Iron Trade Review, of Cleveland, Ohio, says: "The United States Steel Corporation has increased its percentage of steel works capacity to 70, a gain of 5 per cent since the report of a week ago. The corporation has blown in three more blast furnaces. Its new business and specifications for the first three weeks of July show a considerable improvement in comparison with the same period in June. Reports from independent companies vary to a considerable extent, some reporting improvement, while others see very little, if any change for the better. Recent sales of southern pig iron are estimated to amount to more than 50,000 tons.

A chart showing annual shipments from each mine on the Marquette, Menominee, Gogebic, Mesabi, Vermilion, Cuyuna, Baraboo and Mayville ranges has just been published by the Iron Trade Review of Cleveland, Ohio. The chart is 26 by 31 inches, and is similar to those issued annually from 1890 to 1911.

Yearly shipments are shown from each mine from 1894 to 1913 inclusive, making the chart more complete and valuable than any published previously. In addition, the complete tonnage shipped by each mine in the years prior to 1894 is shown, and a grand total is given which is the exact tonnage shipped by each mine in the Lake Superior district since its opening.

The chart is furnished for 50 cents a copy, but can be secured together with a volume of "The 1913 Lake Superior Iron Ore Annual," cloth bound for \$1, and leather bound for \$2. This book gives detailed figures to January 1, 1913. Together with the ore chart, it furnishes a complete record of all mining activities to date. In addition to mine shipments, the book includes

mining costs, complete range shipments, lower lake receipts, average analyses and other information of value to all associated with the iron mining industry.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, acting directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c.

Brainerd vs. Frazee

Game Called at 3:30 P. M.

The Frazee team, which plays here Sunday, have made a good record this season with ten wins out of thirteen games played. Last Sunday they beat the strong Deimert team from Moorhead in both games of a doubleheader, making six straight victories to their credit. On the Frazee lineup contains such well known men as Russell and Sletten former Northern League pitchers; "Jumbo" Olson and Jap Cahlander catcher and shortstop of the Camden Park Athletics from Minneapolis, "Jumbo" is one of the best semi-professional catchers ever turned out in the Twin Cities, besides having a reputation as a home run hitter. Cahlander is one of the fastest base runners ever seen in this part of the country having stolen second, third and home twice in the last three games. In Russell and Sletten they have the clan of local pitchers.

Frazee claims the championship of Becker and Ottentail counties, and are anxious to annex the championship of Wadena, Cass and Crow Wing counties. The team as a whole is batting 286 with five men batting over the 300 mark, their fielding averages 983.

Brainerd Base Ball Fans, we are surely trying to get the very fastest base ball in the country to play Brainerd. Give us your support. Come to the game Sunday, you will see a good fast game.

TEAM IS HITTING 280 CLIP

Frazee Has Defeated 10 Out of 13 Teams This Year—Tilt With Verndale Described

The officers of the Frazee Baseball Association are composed of President Dr. E. R. Barton, manager Carl Schmitz and secretary-treasurer Geo. Esler. In a letter received from the management is given this story of the Frazee team, which plays Brainerd Sunday afternoon at 3:30 at the Kisting grounds:

Frazee has the best team in its history this year. She has two pitchers, Russell and Sletten, both of whom have played in the Northern league and have played semi-professional ball for several years.

"Jumbo" Olson the catcher, has played with the M-A league in Minneapolis and is a catcher equal to the best.

"Big" Cahlander is another fast infielder from Minneapolis, who plays at short, a hard hitter and fast fielder. The outfield is one of the best in this part of the country and the infield is fast. The team as a whole is hitting at a 280 clip, with 5 men above .300.

The team has defeated 10 out of 13 teams met this year, including Verndale, Perham (2), Moorhead (2) and others equally fast.

The game at Verndale was lost through no fault of the Frazee players, the game at the ninth inning standing 1 to 0 in our favor. Verndale put in a pinch hitter without uniform over our objection and in face of the fact he was struck out, the umpire refused to call him out until he had hit fair. Rather than to leave the field we took a questionable defeat.

Our team is one of the fastest in this section and we will play any team who will play fair ball. We

BASEBALL NOTES

Little Falls Defeats our Friends of Verndale 3 to 2 in 10 Innings—Other Notes

The All Nations defeated Barnesville 14 to 7.

The Woodlands play Crosby at Crosby Sunday, July 26.

The Speedwells play Nisswa at Nisswa on Sunday afternoon.

Little Falls plays Brainerd at Brainerd on Sunday August 2.

When the All Nations defeated McIntosh 11 to 5 it made their 16th consecutive win.

The Plutos, a colored traveling baseball team, defeated St. Cloud 4 to 2. Four hits in the first inning netted them three runs. After that Dretchko, of St. Cloud, tightened up and allowed but one hit. Sensational catches featured the game.

Brainerd plays Frazee at Brainerd July 26. There will be quite a lot of visitors at the game, for the game will be one of the fastest of the season. Manager D. A. Peterson is deserving the support of the fans of Brainerd. He has molded a fine team and he is getting the games and placing Brainerd high on the baseball map of this section.

Ironton plays Verndale at Verndale on July 26. Cashier A. H. Proctor, of the First National bank of Ironton, has built up a fast team and the range has its hopes and its money on Ironton. The Verndale team is largely backed by the First National of Verndale and S. L. Frazier. It will be some clash and some bank ad if Verndale loses.

The United Commercial Travelers team journey to Fort Ripley on Sunday and plays the fast team of that place. The U. C. T's. played the Speedwells last Sunday and were defeated. They expect better luck at Fort Ripley. Manager Walter Kunitz has strengthened his team. Bud and Ira Roderick have joined the team respectively as catcher and shortstop.

Frazee won two games from Moorhead, scores 9 to 2 and 2 to 1.

The "Bloomer Girls" famous baseball team of the conservative old city of Boston, Mass., played Aitkin Friday. These girls, there are six on the team, have just finished playing the Dakotas and have won every game except two, and these two they lost to professionals. Out of 28 games they won 27. The pitcher, first baseman and catcher are men, and this is the tenth season that the team has been on the road.

Verndale is getting thing handed to it in bunches. Little Falls defeated them at Little Falls Wednesday, 3 to 2, in ten innings. At the opening of Little Falls' half of the tenth the score was 2 to 1 against them but Allison's hit, after two were out and two strikes had been called on him, scored two runners and won the game. Dominick and Murphy were the battery for Little Falls and Gourd and Thiege for Verndale. Little Falls plays a double header July 26 with the Colored Gophers of Minneapolis, whom they defeated twice before.

Ever have a "low-down" pain in the back?

In the "small" right over the hips? That's the home of backache.

If it's caused by weak kidneys, Use Doan's Kidney Pills.

Brainerd people testify to their worth. Read a case of it:

Charles D. Erickson, 1103 E. Oak St., Brainerd, Minn., says: "I was annoyed at night by kidney weakness. My back ached awfully, and it was hard for me to get around. For several weeks I couldn't do any work. I doctored, but got no benefit until I procured Doan's Kidney Pills at H. P. Dunn's drug store. They soon fixed me up in good shape."

Mrs. Edward R. Syverson and Her Daughter Visiting Relatives—Other Ironton News

Ironton, Minn., July 24—Ironton travels to Verndale Sunday and plays the Verndale team there.

P. J. Long and Minneapolis men associated with him in land deals, were in Brainerd Thursday attending to business matters.

Mr. and Mrs. Howard Olts were Brainerd visitors Thursday.

The First National bank is installed in its new bank building diagonally opposite the Spina hotel.

Edward Norlin was at the county seat this week.

John H. Hill was at Brainerd on Thursday.

Mrs. Edward R. Syverson and daughter, Eveleyn, are visiting her parents in the Red River Valley.

Attorney D. B. McAlpine attended to legal matters in Brainerd Wednesday.

The visit of President Marshall of the American Manganese Manufacturing Co. is expected to stir up shipping activity at the Cuyuna-Duluth and Cuyuna-Mille Lacs mines at Ironton.

The Cuyuna-Duluth mine is shipping steadily from shaft to cars.

The last weeks has seen a great impetus in mining operations at and near Ironton and the town promises to be a center of development work on the north range of the Cuyuna Iron range.

Writes About Scoring

Spotting Editor,
Brainerd Dispatch,
Brainerd, Minn.

Dear Sir:

Allow me to quote from the explanation of scoring rules to be found in the A. G. Spaulding booklet, "How to Score a Baseball Game."

"In endeavoring to fairly and intelligently discriminate between the base hit and the error, never for an instant be influenced by that favorite fallacy of the ignorant, that if a fielder gets his hands on the ball he should be given an error and the batter deprived of a base hit he may have reasonably earned. No greater mistake could be made than in allowing this false doctrine to influence results."

"If an outfielder drops a ball for which he has had ample time to set himself, charge him with an error. But if he has had a long run and has barely managed to reach the ball, even should he get it wholly within his hands and yet drop it, give the batter credit for a base hit."

"A sacrifice hit shall be credited to the batsman who when no one is out or when but one man is out, advances a runner a base by a bunt hit, which results in the batsman being put out before reaching first, or would so result if it were handled without error."

The guide book (not score book) gives also the following. Read it carefully.

"When a fielder after handling a batted ball, elects to try to retire a base runner instead of the batter, the play is known as a fielder's choice. In case the runner is retired or would be retired but for an error, the batter should be charged with a time at bat, but no hit. If the runner is not retired and no error is made, the batter shall be charged with a time at bat, but no hit, provided he swung at the ball, and shall be credited with a sacrifice hit, provided he bunted the ball, if, however, in the judgment of the scorer the batter could not have been retired at first base by perfect fielding, he shall be credited with a base hit."

The writer has scored base ball games over a great deal of the United States during the last five years, so that his scoring of major league games even, very seldom differs from that of the official scorers. Your box score of the Staples-Brainerd game of July fourth does not "hitch" with these rules, which is the fact that prompted this letter. There is no ill will of any kind behind this letter, but only a desire to see accurate scoring.

Respectfully,

HARRY MAGUIRE.

NOTE—The Brainerd team has its official scorer and the communication has been called to his attention.

Juvenile Wisdom.

"What did people do before steel pens were invented?" asked the teacher.

DEVELOPMENTS OF WEEK ON RANGE

(Continued from page 3)

It will take a mining lease from Crow Wing county.

The county commissioners went over the range on Wednesday and examined all working properties with a view of arriving at proper figures for taxation purposes. The commissioners and the county auditor are now sitting as a board of review in county tax matters.

At Barrows and Brainerd efforts are being continued to have either a home or foreign mining company take over the Brainerd Mining company property at Barrows to mine the same. The fee owners, the Brainerd Mining Co., are working actively to get some company interested in the property.

In a review of business conditions, the Iron Trade Review, of Cleveland, Ohio, says: "The United States Steel Corporation has increased its percentage of steel works capacity to 70, a gain of 5 per cent since the report of a week ago. The corporation has blown in three more blast furnaces. Its new business and specifications for the first three weeks of July show a considerable improvement in comparison with the same period in June. Reports from independent companies vary to a considerable extent, some reporting improvement, while others see very little, if any change for the better. Recent sales of southern pig iron are estimated to amount to more than 50,000 tons."

A chart showing annual shipments from each mine on the Marquette, Menominee, Gogebic, Mesabi, Vermilion, Cuyuna, Baraboo and Mayville ranges has just been published by the Iron Trade Review of Cleveland, Ohio. The chart is 26 by 31 inches, and is similar to those issued annually from 1890 to 1911.

Yearly shipments are shown from each mine from 1894 to 1913 inclusive, making the chart more complete and valuable than any published previously. In addition, the complete tonnage shipped by each mine in the years prior to 1894 is shown, and a grand total is given which is the exact tonnage shipped by each mine in the Lake Superior district since its opening.

The chart is furnished for 50 cents a copy, but can be secured together with a volume of "The 1913 Lake Superior Iron Ore Annual," cloth bound for \$1, and leather bound for \$2.
